Hello

Thank you for contacting me. I always like to hear when people are interested in working at our Port of Entry.

Unfortunately we do not have any FB01 positions at the port of entry here at Queenston Bridge. I actually don't know if we have any in the Southern Ontario Region.

I would however suggest you put your formal deployment request in with our SOR Human Resources Department. I have cc'd Monique Aquilina on this email who works in that department.

Good luck with your deployment request

*Julie Risk*

Good Afternoon Mrs. Risk,

I am reaching out to you at this time in an effort to secure an indeterminate position in your region.

I hope the Queenston Bridge Traveller Operations has a requirement for an individual with my knowledge and skills. A copy of my resume is attached for your consideration.

Please do not hesitate to contact me should you require any further details. I can be reached at \_\_\_\_\_ or by email at: [@cbsa-asfc.gc.ca](mailto:@cbsa-asfc.gc.ca) and/or

I thank you in advance for your consideration, and I look forward to meeting you in person.

Sincerely,

\_\_\_\_\_

**Subject:** RE: Status of some transfer requests  
**Attachments:** Deployments by Region - Denise.docx

We still follow the process,

<https://cbsawikiasfc.omega.dce-eir.net/display/SOR/Resources+for+Employees>

<https://cbsawikiasfc.omega.dce-eir.net/display/SOR/The+Deployment+Process>

I am currently in the process of negotiating with Toronto and NOR. I have attached what I am working with – we have a spreadsheet but this document is easier for me to copy and paste with the other team leads and when on the phone. It is not to be shared.

You can see that there is 1 employee that (don't include , deployed in the last Cohort) that is requesting to go to GTA that is not requesting Hamilton. GTA does not trade us an officer from Pearson so we can send someone to Hamilton. In managing the employees and the union it would be best that they understand that broadening the scope of the request could assist in getting the deployment actioned. What is likely to ultimately happen is we will trade seats for officers from GTA to come, and we will not have any deployments accepted in. Also, we cannot compel another region to take our employees, we can agree to deployments in but we cannot force deployments out. For the example you sent me from GTA – normally their management team decides there for example (because the staff all want to leave) we can release 5 BSO's to SOR this round and they determine what locations those releases come from. I have sent the request from the employee up to ask for consideration.

For NOR, they get limited seats as seats are more concentrated in the busier regions across the country, you can see on the chart that we have 13 requesting to go. For example consider NF has been given 5 total seats, NOR cannot trade that many to us, staff the places they need to staff and consider all the other regions across the country. So we see 1 or 2 deployments normally per Cohort (they already owe us 2 seats from people we have sent).

I am not sure this helps you but at least you can see what we are dealing with. As far as making people happy we actually action a tonne of trades every Cohort, last round was small because we were only given 12 seats but we still negotiated an additional 18 deployments into, out of and within SOR. I know that Christine shared information with the union at RULMCC in the last 3 years we have actioned 137 deployments just as a result of trades either body for body or body for seat.

Let me know if you would like to discuss further.

thanks,

Denise

**Subject:** RE: Status of some transfer requests

I seem to remember there was some document pertaining to the new deployment process a few years ago. Does it still exist? Is it relevant?

I would like to have something to give to people so they can understand how this all works. As you know, it is the whole perceived fairness thing that people get mad about. And sometimes the Union talks out of their butt making promises they can't keep then blames management when they can't deliver. I remember reading something a few years ago about the process and if it is still relevant, I will try to get my hands on a copy. It will help me manage these things here. For NOR and GTA (not Hamilton) I would really love it if I could know the situation of how many people are waiting and where they fall in order because we have at least 4 people trotting around here as of late from GTA that want to come here and people that want to go there. I would love to be able to try to make some trades and make some people happy.

**Subject:** RE: Status of some transfer requests

We have a deployment log, and I do all the negotiations between regions. There is no "place" on the log as it really is dependent on where the person wants to go and the needs at that location balanced against volumes requested in across the country. For example we just had someone this week request to go to prairies, there is a good chance it will be actioned in the trades I am discussing this week. We also have 10 people wishing to go to Hamilton, one has been on the list since 2016, they do not have a need in Hamilton and when they do they offer to GTA employees first then backfill at the airport. NOR is similar, there are an abundance of requests to go there both from SOR and across the country.

Hi there

I am just wondering if one of your direct-reports keeps a tally of transfer requests and where they sit?  
I don't want to hassle you if there is someone assigned to it. I have a few people that have been asking of late.

Thank you

**Subject:** Deployment

To all involved

I would like to express my interest for a deployment from the Southern Ontario Region, Niagara Falls District, Queenston Bridge Traffic; with a destination to the Southern Ontario Region, Fort Erie District, Peace Bridge Commercial or Peace Bridge Traffic. I have requested the deployment to take place as soon as possible. I hope you will find all the necessary information attached above.

The following items have been attached:

- Deployment Request Form
- Conditions Of Employment Checklist
- Cover Letter
- Resume
- 2017/18 Assessment
- 2018/19 Assessment
- Letter Of Recommendation
- Copy of Driver's Licence and First Aid/CPR

I appreciate any attention that may be given to this request.

Thank You

Hi Chris,

This is really easy. We would need an HRAR, and proof of conditions of employment (arming, first aid, security). Also if both are bilingual it needs to be confirmed that both have up to date language requirements or they would need to retest to deploy into a bilingual position. The documentation comes from the incoming site so Fort Erie and Niagara will each do one.

If they are actually swapping position numbers it needs to occur on the same day, but if there are vacant position numbers at each location it can be on different days.

Let me know if you have any other questions.

Thanks,

Denise

Hi Julie!

Yes, we do have listed on our Regional deployment log.

I have attached all of the emails/attachments included with the deployment request.

If you need anything else just let me know.

Erika

Hello Ladies,

Do you have record of a deployment request to Queenston Bridge from BSO who currently works in Fort Erie?  
If so would you be able to forward it to me?

Good afternoon Brett,

Would you please be able to forward this to the other chiefs on my behalf.

After much thought and consideration, I would like to submit a transfer request to Peace Bridge.

I am submitting this request for the following reasons:

- 1.
- 2.

Sincerely,

**Schmid, Therese**

Hi Jeff,

Denise has asked me to send you an updated Deployment Log but I just have a couple questions.

Do you only need within SOR or coming Into SOR as well and only FB-03's or at any level?

Pleas let me know and I will update the log and send it to you once completed.

Thanks,

Carol Urban

Good afternoon,

HR has learned that the seat negotiations will be happening soon. In anticipation of the negotiations, please find attached a list of substantive FB-03, SOR employees who have requested deployments to FB-03 positions **within SOR only**.

This list is not exhaustive. It is assembled from deployment requests that HR has received from SOR employees. The list may be missing names for example, if employees have not contacted HR or have not re-confirmed their interest (HR contacts employees approximately every 6 months to confirm they continue to be interested in deploying). If employees do not respond they are usually removed from the active deployment request list (unless they ask otherwise or are on leave etc.)).

Please feel free to contact me with any updates to the list. If you have any questions or would like any further information, please do not hesitate to contact me.

Kind regards,

Kathleen

No, that is why I wanted to flag is, I do not know how many bilingual seats we are getting yet, but if this exchange were to be approved, we could look at changing a bilingual seat from NF to FE with a unilingual one with in this cohort or the future.

Hi Denise,

Sorry is or Bilingual for the exchange?

Sent from my iPhone

On Jan 23, 2020, at 8:40 AM, McBurney, Denise <Denise.McBurney@cbsa-asfc.gc.ca> wrote:

Hello,

I am working on Cohort 15 trades and intraregional to start. I have the following for FE and NF can you let me know if you approve?

	SOR	PB	SOR	Rainbow, Queenston - Traffic or Commercial	2019-10-22
	SOR	PB	SOR	Queenston and Rainbow	2019-06-25
	SOR	RB	SOR	Peace Bridge	2019-04-18
	SOR	QB	SOR	Peace Bridge - Traffic/Commercial	2019-10-30
	SOR	PB	SOR	Queenston	2017-10-16
	SOR	PB	SOR	Rainbow Bridge	2019-05-27

There is already a trade in the works for \_\_\_\_\_ and \_\_\_\_\_ pending SLE finalization.

I have notes on \_\_\_\_\_ and \_\_\_\_\_ in exchange for one another.

Is there an opportunity for \_\_\_\_\_ to go to Niagara Falls in exchange for \_\_\_\_\_ or \_\_\_\_\_ – he is bilingual.

Thanks,

Denise McBurney
